

Fleet Safety

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and worker's compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOSHA

2 Why you need this Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (2003 Liberty Mutual Safety Index.)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

Regardless of the industry, vehicular accidents are a major cause of injuries and death in the workplace. Do you have a driver safety program in place to actively train and test your drivers? Do your drivers have defensive drivers training? Do you investigate every vehicle accident/incident no matter how minor? If you answered no to any of these questions, attending this presentation may provide you the information you need to set up an effective fleet safety program. Statistics is also part of this presentation.

Agenda

*We offer a flexible
program agenda
to emphasize the
topics you
want most.*

- ▶ Michigan and National Statistics for Vehicle Accidents
- ▶ Sample Fleet Safety Programs to Implement
- ▶ Workman's Cost Comparisons for Vehicular Accidents
- ▶ Causes of Accidents
- ▶ Vehicle Inspection Items - Employee Responsibilities

Facilitator

Rob Stacy was appointed to MIOSHA in 1997 as a General Industry Safety Officer bringing with him over 25 years of safety and health experience. Rob joined the Consultation Education and Training Division in 1999 as an Occupational Safety Consultant. Rob provides consultation, training, hazard surveys and seminars throughout western Michigan for employers and employees.

Rob earned an A.A.S. degree in Airways Management, B.A. degree in Organizational Leadership and is currently pursuing a Masters Degree in Public Administration.

Rob Stacy
*Occupational Safety Consultant,
MIOSHA, CET Division*
